

All Stars Unlimited – Special Needs Cheer Squad

OUR COMPETITIVE SQUAD PHILOSOPHY >> Because this world is so full of strenuous competition, All Stars has developed a special needs cheer squad based in a positive and exciting learning environment. We want your All Star to gain that fun and exciting cheerleading experience as well as learn many new skills, all while having the time of their lives! While they will not be competing, they will be able to share in the excitement of a competition as a show team.

This exciting cheer squad is perfect for those children interested in cheerleading who are in any way part of the special needs world. While not many gyms are able to offer a special needs cheer squad, we feel that we are the perfect size to do this. We feel that our squad is a great place for your child to experience all that cheerleading has to offer, through a show squad routine, in a more positive and nurturing environment. This squad will work hard on developing a competition styled routine, as well as to learn and experience all aspects of cheerleading. They will work on tumbling skills and conditioning to help strengthen their bodies, as well as improve flexibility. All of these things they can take with them through their lives. But most importantly they will have fun and their self esteem will truly develop into something amazing!

Instructor approval needed for all participants. A full season commitment is **REQUIRED** (July-May). Participation in scheduled practices and competitions is a important for the squad to have success in all that they do. Team Packets with more detailed information will be given upon enrollment or at a mandatory meeting pre-season.

AGES: 6+

COMMITMENT: July – May

DAYS: TBD

Calendars will be given out around July 1st for the entire year (as best as we can)
